P. W. SECRETARIAT
2188
Date 2/11/46

Dated Bangalore, the 1st November 1946.

Preliminary arrangements for the next overseas deputation of Road Engineers.

SIR,

I am directed to forward a copy of a circular letter from the Government of India, Transport Department, No.PL4 (52), dated the 25th September 1946 and to request that this Residency may kindly be informed at an early date whether the Government of Mysore would like any of their Engineers to be included in this Overseas deputation. It may kindly be noted that the Central Government will not contribute anything towards the cost of a State's delegate.

2. I am to add that the reports referred to in paragraph 2 of the above quoted letter will be forwarded to you in due course.

I have the honour to be,
Sir,
Your most obedient servant,

for SECRETARY TO THE RESIDENT.

3. For perusal.
The cost of deputation is to be borne entirely by our state. Two person perhaps need be deputed.
Min P.W. 1/11/46

4. I think we may take advantage of this scheme and depute one or two of our engineers.

29 APR. 1947

No. 8319

Note for circulation 1958

Nomination of Messrs. L. C. Narasimha Reddy and R. L. Raju to U.S.A. as delegates to the Second Overseas deputation of Road Engineers.

As the results of the first overseas deputation of Road Engineers sent to U.S.A. by the Govt. of India, were encouraging, they have decided to send a second overseas deputation of a similar nature. In November 1946, the Residency enquired whether the Govt. of Mysore would like any of their Engineers to be included in the above overseas deputation. It was considered desirable that advantage of the scheme might be taken of by this Govt. and accordingly in consultation with the Chief Engineer, Messrs. L. C. Narasimha Reddy and R. L. Raju, Asstt. Engineer, have been nominated.

The terms suggested by the Govt. of India for the delegates are noted below. —

(i) Their salary in the P.W. Dept.

(ii) In the case of delegates drawing less than Rs 1000/- an additional pay of Rs 150/- each per month, provided it is drawn in U.S.A.

(iii) An outfit allowance of Rs 400/- each.

JE/514

(iv) The period of deputation to be treated as on duty.

(v) Daily allowance of ten dollars in U.S.A. in addition to bed (ie residential accommodation and breakfast to be provided by the Indian Embassy).

(vi) War allowance (or dearness allowance) as admissible in India.

The same terms are proposed to be adopted in the case of delegates from Nepal also. The cost is to be borne by this Government.

The above proposals have been approved by the Ministers, Ministers in charge, the Ministers for Agriculture and the Ministers for Revenue & Council. The concurrence of the other Ministers is required before submission to H.E. for sanction.

Note for circulation in Council.

Nomination of Messrs.L.C.Munisamy Reddy and T.V. Raju to U.K. as delegates to the Second Overseas Deputation of Road Engineers.

As the results of the first overseas deputation of Road Engineers sent to U.K. by the Government of India were encouraging, they have decided to send a second Overseas deputation of a similar nature. In October 1940, the Residency enquired whether the Government of Mysore would like any of their engineers to be included in the above overseas deputation. It was considered desirable that advantage of the scheme might be taken up by this Government and accordingly in consultation with the Chief Engineers, Messrs.L.C.Munisami Reddy and T.V.Raju, Assistant Engineers, have been nominated.

The terms suggested by the Government of India for the delegates are noted below:-

i) their salary in the U.K. Department

ii) In the case of delegates drawing less than Rs.1,000 an additional pay of Rs.100/- each per month, provided it is drawn in U.K.

iii) An outfit allowance of Rs.400/- each

iv) The period of deputation to be treated as on duty

v) Daily allowance of ten dollars in U.K. in addition to bed (i.e., residential accommodation and breakfast to be provided by the Indian Embassy).

vi) Car allowance (or dearness allowance) as admissible in India.

The same terms are proposed to be adopted in the case of delegates from Mysore also. The cost is to be borne by this Government.

The above proposals have been approved by the Dewan in charge, the Minister for Agriculture & Public Works and the Minister for Revenue & Commerce. The concurrence of the other Minister is expected to be obtained at the Committee meeting to-day.

OFFICE OF THE MINISTER FOR REVENUE
No. 9177
Dated 21-6-47.

No remarks
21/6

Note for circulation in Council.

Nomination of Messrs.L.C.Munisamy Reddy and R.L. Raju to U.S.A. as delegates to the Second Overseas deputation of Road Engineers.

As the results of the first Overseas deputation of Road Engineers sent to U.S.A. by the Government of India were encouraging, they have decided to send a second Overseas deputation of a similar nature. In November 1946, the Residency enquired whether the Government of Mysore would like any of their Engineers to be included in the above Overseas deputation. It was considered desirable that advantage of the scheme might be taken of by this Government and accordingly in consultation with the Chief Engineers, Messrs.L.C.Munisami Reddy and R.L.Raju, Assistant Engineers, have been nominated.

The terms suggested by the Government of India for the delegates are noted below:-

i) Their salary in the P. .Department

ii) In the case of delegates drawing less than Rs.1,000 an additional pay of Rs.150/- each per month, provided it is drawn in U.S.A.

iii) An outfit allowance of Rs.400/- each

iv) The period of deputation to be treated as on duty

v) Daily allowance of ten dollars in U.S.A. in addition to bed (i.e., residential accommodation and breakfast to be provided by the Indian Embassy).

vi) War allowance (or dearness allowance) as admissible in India.

The same terms are proposed to be adopted in the case of delegates from Mysore also. The cost is to be borne by this Government.

The above proposals have been approved by the Dewan in charge, the Minister for Agriculture and Public Works and the Minister for Revenue and Communications. The concurrence of the other Ministers is required before submission to His Highness for sanction.

BDG/16.4.47

Final Note by the Minister for Agriculture and Public Works.

Subject.— Nomination of Messrs. L.C. Muniswamy Reddy and R.L.Raju to United States of America as delegates to the Second Overseas deputation of Road Engineers.

As the results of the first Overseas deputation of Road Engineers sent to United States of America by the Government of India were encouraging, they have decided to send a second overseas deputation of a similar nature. In November 1946, the Residency enquired whether the Government of Mysore would like any of their Engineers to be included in the above overseas deputation. It was considered desirable that advantage of the scheme might be taken of by this Government and accordingly in consultation with the Chief Engineers, Messrs. L.C. Muniswami Reddy and R.L. Raju, Assistant Engineers have been nominated.

The terms suggested by the Government of India for the delegates are noted below:-

i) Their salary in the Public Works Department

ii) In the case of delegates drawing less than Rs. 1,000/- an additional pay of Rs. 150/- each per month, provided it is drawn in the United States of America.

iii) An outfit allowance of Rs. 400/- each

iv) The period of deputation to be treated as on duty

v) Daily allowance of ten dollars in the United States of America in addition to bed (i.e., residential accommodation and breakfast to be provided by the Indian Embassy).

vi) War allowance (or dearness allowance) as admissible in India.

The same terms are proposed to be adopted in the case of delegates from Mysore also. The cost is to be borne by this Government. As the delegates had to join the deputation on 21st April 1947 orders have been issued in this matter separately.

The above proposals have been agreed to by the Dewan and the other Ministers and I solicit the gracious sanction of His Highness thereto.

K. Siddappa

NOTE.—Contn. sheet

Copy of letter No.PL 4(52), dated the 25th September 1946 from the Government of India, Transport Department, Roads Organisation, New Delhi, to All Provincial Governments.

...

Preliminary arrangements for the next overseas deputation of Road Engineers.

...

From the information so far available in this Department, it appears that the first deputation of Road Engineers, which is due to return to India from the USA at about the end of November 1946, will have been of great value in improving the technical education of the members thereof; and this encourages the Government of India to initiate preliminary action with a view to arranging to send overseas a second deputation of a similar nature.

2. The detailed arrangements for any such deputation scheme will not be drawn up until the Government of India have received and examined the report relative to the first deputation which the High Commissioner for India, London, and the Hon'ble the Agent General to the Government of India, Washington, have been asked to obtain from the authorities in the United Kingdom and the U.S.A. These reports are expected to indicate in respect of each country,

(a) the extent of the success of the first deputation;

(b) whether another deputation will be acceptable next year; what would be the optimum number of delegates and the best time of the year for such a deputation; and

(c) suggestions for improvement on the arrangements as made for the first deputation.

3. Subject to the formulation of a detailed scheme, the Government of India desire to have the views of the Provincial Governments on the question whether the Provincial Governments would be prepared to participate in the proposed scheme for sending selected road engineers for overseas training; and if so whether they agree to take preliminary action on the lines suggested below.

4. The <u>total number of delegates</u> will probably have to be limited to thirty and may possibly be less. Four places will probably be reserved for nominees of the Central Government from Central Departments concerned with roads; and it may be that some six places will be reserved for the nominees of Indian States. Therefore, it is at present suggested that twenty two places be considered as being available for delegates nominated by the Provincial Governments, that is to say, two places for each Province. Each Provincial Government may therefore proceed to select two delegates with a view to intimate full particulars in respect of their nominees to this Department in due course.

5. <u>Suggested qualifications.</u> The delegates ought, as a general rule, be well qualified academically as road engineers and should have had at least about five years of practical experience. On the other hand, it is obviously desirable <u>to include young engineers,</u> provided they have a reasonable prospect of being absorbed permanently in Government service in India, so that the maximum advantage will accrue to Government as a result of their training. Subject to these general observations, it will be for the Provincial Governments to fix their own standards, or methods, for the selection of their delegates.

6. <u>Incidence of cost.</u> Subject to minor adjustments as may be necessary in the light of the experience gained on the first deputation, the Government of India would be prepared to meet half the cost of the deputation of each Provincial delegate; provided that the amount of Central contribution towards the <u>pay</u> of any particular officer while on this deputation will be limited to say, Rs.750/-. The exact amount of the limit will be settled later on.

7. Countries to be visited. Probably the U.K. and the U.S.A. will again be visited; but the Government of India will also examine the prospect of visiting another country (e.g. Australia) either in addition or in the place of one of the two countries first mentioned. Further proposals in this behalf will be made to the Provincial Governments in due course.

8. Period of deputation. This will probably be not less than eight months including the time taken on voyages. This period will be exceed by about 3 months if three countries are to be visited.

9. It will be seen from the foregoing, that the main purpose of this letter is to prepare the ground for the next deputation of road engineers only to the extent that the Provincial Governments may desire to take steps to select their nominees who will then be able to specialise in selected subjects in advance of their overseas visits. The Government of India cannot, however, at this stage give any definite commitment for implementing the deputation scheme; as they intend awaiting the reports referred to in paragraph 2 above, before drawing up firm proposals.

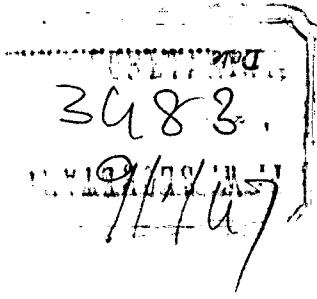
I am directed to refer to the correspondence ending with your letter No.P.W.3298-300/Est.22-46-23, dated the 26th November 1946.

2. A rough estimate, furnished by the Transport Department, of the cost involved in the deputation to the United States of America and the United Kingdom of one road engineer is as follows:-



Pay for 8 months (Assumed at Rs.750/- p.m.)	Rs. 6,000/-
Out fit allowance	Rs. 400/-
Passage to United Kingdom	Rs. 750/-
Passage from United Kingdom to United States of America	Rs. 350/-
Passage back from U.S.A. to India	Rs. 1,100/-
All Inclusive Compensatory Allowance in United Kingdom at Rs.15/- per day for 2½ months	Rs. 1,100/-
All Inclusive allowance in United States of America at Rs.50/- per day for 3½ months	Rs. 5,250/-
Train journeys abroad	Rs. 2,500/-
	Rs.17,450/-

P.376
25.2.47

Copy of Circular Letter No.PL-4(1)/47, dated the 1st February 1947, from the Government of India in the Transport Department to ~~xii~~ Provincial Governments, etc.

.....

NOMINATION OF DELEGATES FOR THE SECOND OVERSEAS DEPUTATION OF ROAD ENGINEERS.

The replies received so far to this Department's letter No.PL-4(52), dated the 25th September 1946, show that six Provincial Governments are prepared to participate in the scheme for the second overseas deputation; one Provincial Government cannot spare any officer; and though the remaining four Provincial Governments have not yet replied, it is probable that these will be willing to participate also.

2. The formulation of a detailed scheme for the second deputation has been held up principally because the reports about the first deputation called for from the authorities concerned in the U.K. and the U.S.A. have not yet been received here. The Government of India however feel that, pending receipt of such reports, the making of preliminary, tentative, arrangements may proceed on the assumption that it will be possible to send the deputation out by the beginning of April 1947. In order to assist in making such arrangements, it is necessary now to finalise the selection of delegates; and, in doing so, it is suggested that due regard may be paid to the need for securing candidates of sufficient service, high character and capacity for intensive, specialised study, as will ensure that each of the delegates from India will compost himself with credit in the foreign country or countries which may be visited.

3. I am, to request that the Provincial Government may kindly arrange to forward to this Department as soon as possible and not later than the 25th February 1947 full particulars of the delegates nominated by each - covering age, academic qualifications, indication of capacity for specialisation in particular subjects, length and nature of service and post held at present. It may at the same time please be indicated which of the following courses each nominee will in the main follow :-

A-Highway engineering = Highway economics, administration and finance; traffic problems; design; construction and maintenance; and road research.

B-Bridge engineering = This may also include study of general highway problems as background.

SECOND ROAD ENGINEERS DEPUTATION : USA :
APRIL-AUGUST 1947.

Continuation Wartrans telegram No.PL 4(1)47, dated the 21st February 1947 and reference your

1.	letter No.2403 M/46-5	28th February 1947
2.	letter No.7185/36-IV-E(I) dated the	27th February 1947
3.	letter No.579-E,	27th February
4.	letter No.202-EBR/XXIII-301E/46	3rd February
5.	letter No.103-E/44/2012-E1,	1st March
6.	telegram No.2323-E	25th February
7.	letter No.5397-E(I)	27th February.

2. The second road engineers deputation will now proceed only to the United States of America for courses of study which which cover four months. The details of the programme are not known here but the Government of India understand that the USA Government are making special arrangements for training in two broad divisions, one for highway engineering generally and the other for bridge engineering - the latter having provision for a study of general highway engineering as a background.

3. Date and method of travel. To get the party to the USA a little before the 5th May, which is the latest date by which the USA Government can accept the deputation, it is now necessary to send the delegates by air and the Government of India are proceeding to make arrangements for passage accordingly. The delegates will all probably leave Karachi on the 21st April 1947 by the Pan American Clipper Service reaching USA in about 36 hours.

4. Travel arrangements. These will be entrusted to Messrs. Govan Brothers, Ltd., Scindia House, Queensway, New Delhi (Telegrams: "GOVBRO" New Delhi) to whom the names and addresses of the Provincial delegates should be immediately communicated in the case of such delegates whose addresses have not been communicated to the Transport Department upto the date of receipt of this letter.

5. Medical and passport arrangements. The travel agents (Messrs Govan Bros, New Delhi will advise each delegate direct but the following remarks will be of assistance:-

(a) Medical. The delegate must hold a certificate or certificates showing protection from yellow fever; smallpox; typhus; bubonic plague; cholera; and typhoid.

(b) Passport. Local arrangements should be made immediately if not already done, to secure a fresh passport or to ensure that the previously held passport (if any) is valid.

6. Baggage allowance. The normal maximum personal baggage

baggage allowed to be carried by air is sixty-five pounds (avoirdupois) inclusive of attache cases etc. This ought to be just sufficient if a judicious selection is made of the kit to be carried by each delegate; but this Department will endeavour to secure allowance for the carriage of some little additional baggage for the party as a whole. Delegates who expect to carry a little (say five) pounds more than the individual allowance of 65 lbs need hardly worry about the excess; but any delegate who expects to exceed the individual baggage allowance by, say ten to twenty pounds, should apply immediately through the travel agents for the reservation of additional baggage space.

7. Financial terms for the delegates. The Government of India recommend, as on the last occasion, the following:-

(1) Pay as would be drawn in India but for the appointment on deputation. The delegate may be regarded as being on duty against a special post to be created as necessary. The exact pay should be quoted in the sanctioning order for the information of the A.G.C.R. and the Indian Embassy, Washington.

(2) Additional pay: In the case of a delegate drawing less than Rs.1000/- per month in India: Rupees one hundred and fifty provided that the additional pay plus pay as under (1) above does not exceed Rs.1000/-; and provided the additional pay is drawn in the USA.

(3) Outfit allowance of upto Rs.400/- (lumpsum payable in India) in the case of delegates drawing below Rs.1000/-.

(4) Special allowances in the USA. Ten US dollars per day in additional to bed (i.e. residential accommodation) and breakfast to be provided by the Indian Embassy. All delegates will be treated as of the same status for this purpose.

(5) Air passage to the USA and air or sea passage from there to return to India will be provided free of charge - all delegates being treated as being of the same status for this purpose. Rail travel expenses (exclusive of personal porterage charges) will be re-imbursed to each delegate, for tours of the deputation in the USA, by the Indian Embassy.

(6) War allowance (or dearness allowance) may be allowed as admissible in India.

8. Contribution by Central Government. (1) The Central Government will contribute half of the expenditure in each Provincial delegate provided that the total contribution on account of the pay of a delegate does not exceed Rs.750 per mensem and provided that if the terms given to any delegate are more generous than those recommended in para 7, the Provincial Government will bear the whole of the resultant difference in cost. The Government of India's contribution will be adjusted after the expenditure has been initially met by the Provincial Government concerned; and the total amount of the contribution required in each case will be debited to the Central Road Fund Reserve. As a special case, however, the expenditure on passages etc. incurred in India through Messrs Govan Bros will be met as a whole initially by the Government of India (in the interest of speedy payment to the firm) and then the adjustment of the Provincial share will be effected through the Accountants General concerned.

(2) In addition, the Government of India will meet (from the same source) the entire cost of providing certain general facilities for the deputation as a whole e.g. the provision of the ervices of a whole-time stenographer.

9. Deductions from pay. Delegates may elect to draw a portion of pay in India for the maintenance of their families. Deductions on account of Provident Fund contributions, motor car advances or the like, should be made from the portion of pay lef to be drawn in India because it only complicates matters to have such deductions effected in the USA.

10. Dollar exchange. For the first deputation sent last year, authority to acquire 400 US dollars was issued in respect of each delegate. It is proposed to make similar arrangements (for 200 dollars as the party is going by air) this time also. The delegates will be informed direct about this.

11. Deputation Leader. One of the senior members of the deputation (not necessarily the most senior on service considerations alone) will be appointed as the Leader of the deputation. Every other member of the deputation must accept the leadership, guidance and advice of the Deputation Leader in all matters pertaining to the deputation. The nomination of th Deputation Leader will shortly be made by this Department and communicated direct to the delegates as well as to the Provincial Governments concerned.

12. Instructions, to and information for, the delegates. Instructions for the guidance of delegates (based on proposals for this made by the Leader of the first deputation: Rai Bahadur A.C.Mukerjee of the U.P.P.W.D) will shortly be sent to each delegate - with a copy to the Provincial Chief Engineer concerned. A note about roads and road development plans in India is being compiled in this Department and will also shortly be similarly distributed. It is necessary, however, that the Provincial delegates should be (or be made) well acquainted with the road conditions and road development plans pertaining to their own provinces.

13. Restriction on size of each group (highways and bridges The US Government do not want more than twelve in each group. The quota for the highways group has been exceeded by the nominations received for this group. Therefore two Provincial Governments, who have nominated two delegates for this group and none for the bridges group, have been asked to telegraph whether one or other of their delegates may be put in the bridges group. If those Governments change one of their delegates into the bridges group, the total number in that group will be eight. No more nominations can now be accepted as the US Govt. have already been informed by cable of the numbers being sent in each group.

14. URGENT ACTION is now required by each Provincial Government concerned:

(a) to communicate (if not already done) the names and addresses, including telegraphic addresses, of each delegate- by telegrams,

(b) to fix the terms of appointment of each delegate and convey them in the first instance to the delegate and to the Provincial Accountant General and to arrange that persons needing the outfit allowance may draw the same immediately; /The terms may, in due course, but not later than the first week of April, be communicated to the Indian Embassy, Washington, by air mail, with a copy to this Department and to the A.G.C.R./

and (c) to acknowledge receipt of this letter. An ordinary post-card acknowledgement will do.

Sd. J.G.Gomes,
Assistant Secretary to the Government of India.

Endorsement No.- PL-4(52)/46, dated the 14th March 1947.

EXPRESS LETTER

Telegrams
"ROADIND"

Government of India
Transport Department
Roads Organisation : Jamnagar House.

No.PL-4(7)/47.
Dated New Delhi, the 27th March 1947.

From:-

A.R.Qureshi, Esquire, B.A.(Hons),
Assistant Secretary to the Government of India.

To:-

(1) All Provincial Governments, (Departments concerned with Roads) except, C.P. & Berar, Assam, N.W.F.P. and ORISSA.
(2) The Hon'ble the Resident in Mysore, Bangalore.

Subject:- Second Indian Road Engineers Deputation - 1947
Dollar Exchange

Reference para 10 of this Department Circular letter No. PL-4(52)/46, dated the 14th March 1947.

2. The Government of India in the Finance Department have already sanctioned 200 dollars to each delegate for meeting incidental expenses, (making a total of 3800 dollars for the whole party of 19). These 200 dollars will be in addition to the dollars, which would be required to cover the travel and daily allowances admissible under the rules in the U.S.A., for the period of stay of deputation in that Country. Arrangements for the drawal by the delegates of their pay and allowances in U.S.A. can be made by the Provincial Government by direct correspondence with the Embassy of India, Washington and no specific dollar sanction is, therefore, needed on this account.

3. Certain members of the deputation have represented that 200 dollars will not suffice for the journey, basing their claim on the last year's deputation, for which 400 dollars per delegate were sanctioned. It will be recalled that last year the deputation went by sea, involving much more incidental expenditure, whereas this year the deputation will be going by air. It is regretted that applications for grants for additional dollars cannot be entertained and I am to request that the members of the deputation may be informed accordingly.

4. Messrs. Govan Brothers Ltd., New Delhi, have already addressed, (vide their letter No. PLP/09700/1, dated the 17th March 1947) all the delegates of the deputation and asked them to send their applications for dollar exchange to that firm, on receipt of which they propose to submit all the applications to the Reserve Bank of India for approval. It is, therefore, now for the officers proceeding on deputation to send their applications for dollar exchange to Messrs Govan Brothers Ltd., New Delhi, at a very early date, unless these have been sent to the firm already.

5. A copy of this letter is being endorsed direct to every officer of this deputation. The Government of India would be glad to know at an early date that the necessary applications have been sent to Messrs Govan Brothers Ltd., New Delhi.

I have the honour to be,
Sir,
Your most obedient servant,

A.R.Qureshi

(A.R.Qureshi)
Assistant Secretary to the Government of India.

Enc:
/as/27.3

27.3.

Copy forwarded to each delegate nominated for the SECOND road Engineers Deputation.

2. Each officer is requested to forward his application for dollar exchange direct to Messrs. Govan Brothers Ltd., New Delhi. Each will presumably have to arrange or will arrange with his Government the amount of pay he would want to draw while in U.S.A.

By order etc.,

(A.R.Qureshi)
Assistant Secretary to the Government of India.

Copy forwarded to the:-

(i) Finance Department (Ord. Br.) with a list of the delegates.

(ii) Financial Adviser (Communications)

(iii) The Educational Attache to the Embassy of India No. 2107 Massachussetts Avenue, N.W.WASHINGTON D.C. (U.S.A.) with copy of the list of delegates.
